ABOUT US:

"A new business with loads of experience"

WHY:

100%netball was the brainchild of long time friends and work colleagues, Danny and Glenn, who when shopping for their daughters were amazed that there was very little netball products available at a retail level for not only their young daughters but all age groups. There were shops for golf, shops for darts and lawn bowls but there was nothing for Australia's highest participated sport of netball.

They believed that the sport warranted a shop 100% focussed on the sport where you could buy or order anything and everything you need to play, coach, manage, umpire or even just support netball, thus we now have "100%netball".

EXPERIENCE:

With well over 20 years of joint experience between them within the sportswear and equipment industries they have great knowledge & worked in all areas of production from sales & design through to manufacture.

They have played many years of team sport and sat on many governing committees within sporting clubs so they not only know the product inside and out but they understand what clubs and associations are up against everyday in their pursuit to deliver a safe, professional and fun environment for Australia's favourite pastime, "sport".
