

9th November 2015

Mr. Glenn Russell
100% Netball
Port Road
BEVERLEY

Dear Glenn

Re: TO WHOM IT MAY CONCERN

100% Netball have been uniform and equipment providers for Garville Netball Club for the past 6 years, since the club's inclusion in the Premier League competition.

With the high demands placed on the club by Netball SA, including uniforms and other playing apparel, we rely heavily on our Uniform contractor to provide the necessary samples, information and apparel in a timely manner and to meet all deadlines imposed on us.

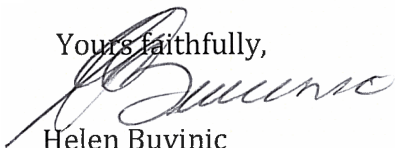

The owners and staff at 100% Netball have always met these requirements and the apparel has always been of a high standard. Any errors in the sizing etc, whether by either party has always been urgently dealt with and garments replaced on time.

100% Netball initially undertook to provide new uniforms for the club (over 300 members) in 2010, and met this requirement with very little problem considering the number of uniforms required.

We are delighted with the service that we get from the owners and staff and they bend over backwards to make **sure** we have everything we need and when we need it. They have been very generous **with** the club over the years and we appreciate everything they do for us.

We would not hesitate to recommend them to anybody seeking competent contractors, who deliver quality and **deliver** on time.

Yours faithfully,

Helen Buvinic
President – Garville Netball Club
